

1<sup>st</sup> September 2019

Dear Business Owner

**Perranzabuloe Neighbourhood Development Plan – Business Survey**

You are receiving this letter from me because your postal address is included in the Cornwall Council Valuation Office's list of business premises in Perranzabuloe.

You may already be aware that a group of residents in the Parish are preparing a Neighbourhood Development Plan (NDP) which will form part of Cornwall Council's planning policy until 2030. Each household has received a questionnaire aimed at all residents in the Parish. We have also produced a business questionnaire.

This NDP will directly affect future planning decisions, the allocation of land and help steer Council policy for the future.

Many of us want to see the economic base in the Parish strengthened for the well being of residents and visitors alike.

To help formulate the right policies we need feedback from those already in business here. I therefore invite you to participate in this information gathering process and give the community approximately 15 minutes of your time needed to answer the questions asked and provide your other comments and feedback. Further copies of this questionnaire can be downloaded from our website [www.perranplan.co.uk](http://www.perranplan.co.uk)

The questionnaire, which is in two parts, is enclosed with this letter and can be returned to us using the Freepost envelope provided or in person. NDP team members will endeavor to follow up those addresses from which we have not had responses before 23<sup>rd</sup> September 2019. This letter, therefore, also advises that follow up calls will be made after that date.

I thank you in advance for your help with the NDP.

Yours faithfully

Kevin Havill

Perranzabuloe NDP Vice Chair and Head of the NDP Business, Employment, Transport & Infrastructure (BETI) Focus Group
